Title: Director, Department of Public Works

Date:

Part II. Self-Assessment

The Town of Upton has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except for the following provisions:

Part II.F This Report is being submitted (certified mail) on May 2, 2007.

Part II.B.3 The Town has implemented a comprehensive stormwater conveyance identification and mapping program. To date, more than 50 outfalls, stormwater catch basins and culverts have been investigated, described, classified and mapped as a result of this program. Due to the large number of conveyances which contribute to potential receiving waters of the stormwater system, this represents only approximately 65% of these structures. It is the intent of the Town to complete mapping in Report Year 5. To date no illicit discharges have been identified.

Part II.B.4

And

Part II.B.5 While continuing efforts are undergoing to develop, implement and enforce construction site stormwater runoff control and post-construction runoff control, the Town has not yet incorporated appropriate by-laws to assist in the enforcement of same. It is anticipated that through efforts from representatives of several Town Departments – notably the Department of Public Works, Planning Board, Conservation Commission and Code Enforcement offices - and finalization of these by-laws, the Town will significantly improve their success in addressing construction site runoffs. With increasing demands placed upon the Town due to the unprecedented recent development, this has been identified as a top priority. Meetings are to be held in the upcoming months to establish a stormwater committee to address education and enforcement issues relative to construction site runoff.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
1 Revised	Develop & distribute brochures to residents	Upton DPW	Distribution of brochures.	Received 500 brochures for distribution to residents. Brochures included as mail stuffers for water bills.	Review different brochures and continue distribution.
2 Revised	Develop & distribute brochures to businesses	Upton DPW	Distribution of brochures.	Received 200 brochures for distribution to businesses. Brochures included as mail stuffers for water bills.	Review different brochures and continue distribution.
3 Revised	Install watershed signage	Upton DPW	Installation of watershed signs.	No progress has been made on this.	Contract for signs – DPW may be available to install.
4 Revised	Develop collection program for household hazardous waste	Upton DPW / Board of Health	Conduct collection program.	Conducted household hazardous waste collection day in April '06.	Conduct similar collection day in May '07.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
6	Public meeting to discuss Stormwater management plan	Upton DPW/Board of Selectmen	Conduct a public meeting to discuss goals of the Stormwater management plan	Conducted meetings with Town Depts.; no public meeting set. Alternative has been proposed to televise pertinent material on local cable access.	Coordinate with cable access personnel
Revised					
7	Public Hearing to discuss water quality data of beach	Board of Health/Board of Selectmen	Conduct a public discussion of goals and results of water testing.	No public hearings have been held.	Similar to above, utilize local cable access programming.
Revised					
8	Develop and implement composting program	Board of Health	Implementation of composting program	Composting program was not implemented due to lack of proper location.	Investigate feasibility of locations for implementation. Alternately, initiate home composting kit program.
Revised					
9	Coordinate & implement beach clean-up program	Board of Health / Board of Selectmen	Conduct a beach clean-up	Town scout troops have conducted a beach cleanup at Pratt Pond beach.	Encourage and continue similar efforts.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
11 Revised	Develop Stormwater system map	Upton Highway Department	Creation of system map	Finalized system map after review by Town	
12 Revised	Identify illicit discharges	Upton Highway Department	Create a list of illicit discharges	Comprehensive investigation, identification and compiled description of stormwater conveyances in Pratt Pond and Town Center completed.	Extend investigation to additional areas along Route 140.
13 Revised	Commence with elimination of identified illicit discharges	Upton Highway Department	Removal of all identified illicit discharges	No illegal discharges identified during Permit Year 4.	Complete process of removing all identified illicit discharges.
14 Revised	Review & implement ordinances	Board of Selectmen	Adoption of additional bylaws & regulations	Review existing bylaws and develop new regulations to prohibit illicit discharges.	Implementation pending approval of by-law.

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
16	Develop procedures to inform public of upcoming projects	Planning Board/ Conservation Commission	Advertise to the public of upcoming activities. Develop and implement review process.	The Planning Board and Conservation Commission currently developing review process – implementation pending; progress has been slow. Please see Part II.	Continue review of projects as required.
Revised					
17	Develop & implement site plan review process for sites.	Planning Board/ Conservation Commission	Develop and implement review process	The Planning Board and Conservation Commission are currently developing site plan review process – implementation pending.	Meeting scheduled for June '07 to designate representatives from appropriate departments for stormwater committee.
Revised					
18	Develop & implement erosion & sediment control ordinances	Planning Board/ Conservation Commission	Develop and implement control ordinances	The Planning Board and Conservation Commission are currently developing site plan review process – implementation pending	As above
Revised					
19	Develop construction inspection program	Planning Board/ Conservation Commission	Implementation of inspection program	Develop construction inspection checklist & procedures and implement inspection program. Progress ongoing but slow; please see Part II.	Continue implementation efforts.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
21	Review existing non-structural BMPs	Planning Board/ Conservation Commission	Development and addition of any necessary amendments and/or bylaws.	Review process completed – commenced with developing amendments and/or inserts to the bylaws and ordinances.	Adoption of appropriate by-laws anticipated this permit year.
Revised					
22	Review of existing structural BMPs	Conservation Commission	Development and addition of any necessary amendments and/or bylaws.	Review process completed – commenced with developing amendments and/or inserts to the bylaws and ordinances.	As above
Revised					
23	Require O&M manuals for newly installed BMPs	Conservation Commission/ DPW	Catalogue and review of all new structural BMPs.	No progress on this goal.	Implement program
Revised					
24	Develop inspection program of newly installed BMPs	Conservation Commission/ DPW	Implement new BMP inspection program.	Some progress on this goal – efforts have been reactive by the DPW relative to larger scale construction projects.	Work with developers to implement scheduling and review of BMPs installed as incorporated into private NPDES Permits.

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 4 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 5
26	Inspection of Town owned and/salt storage areas	Upton Highway Department	Conduct inspections, make recommendations, and review procedures.	Ongoing inspections and maintenance protocol implemented for Town storage. No formal procedure established to date.	Continue inspection and housecleaning efforts. Establish procedure and schedule for inspections.
Revised					
27	Review snow removal & street sweeping procedures.	Upton Highway Department	Review procedures and make recommendations.	Review of procedures has commenced.	Formalize recommendations.
Revised					
28	Develop & implement maintenance schedules – BMPs	Upton Highway Department	Implement annual BMP maintenance program	Little progress in development of BMP maintenance program; however, DPW has been active in identifying private BMP neglect.	Formalize identification program, issue information to citizens.
Revised					
29	Develop & implement employee training program	Upton Highway Department	Implement training program.	No formal training program implemented.	Develop training program that will increase employee awareness and aid in identification prevention methodologies.

Part IV. Summary of Information Collected and Analyzed

Part V. Program Outputs & Accomplishments (OPTIONAL)

Programmatic

Stormwater management position created/staffed	(y/n)	N
Annual program budget/expenditures	(\$) ^{1,000} ex.	

Education, Involvement, and Training

Estimated number of residents reached by education program(s)	(# or %)	75%
Stormwater management committee established	(y/n)	N - Pending
Stream teams established or supported	(# or y/n)	N
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	Y
Household Hazardous Waste Collection Days		
▪ days sponsored	(#) 2	Town (BOH)
▪ community participation	(%) 20%	Town
▪ material collected	(tons or gal)	NA
School curricula implemented	(y/n)	N

Legal/Regulatory

	In Place Prior to Phase II	Under Review	Drafted	Adopted
Regulatory Mechanism Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination		X		
▪ Erosion & Sediment Control		X	X	
▪ Post-Development Stormwater Management		X	X	
Accompanying Regulation Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination		X		
▪ Erosion & Sediment Control		X	X	
▪ Post-Development Stormwater Management		X	X	

Mapping and Illicit Discharges

Outfall mapping complete	(%)	100%
Estimated or actual number of outfalls	(#)	50 est.
System-Wide mapping complete	(%)	100%
Mapping method(s)		
▪ Paper/Mylar	(%)	0%
▪ CADD	(%)	50%
▪ GIS	(%)	50%
Outfalls inspected/screened	(# or %)	75%
Illicit discharges identified	(#)	0
Illicit connections removed	(#) (est. gpd)	0
% of population on sewer	(%) 30%	
% of population on septic systems	(%) 70%	

Construction

Number of construction starts (>1-acre)	(#)	TBD
Estimated percentage of construction starts adequately regulated for erosion and sediment control	(%)	TBD
Site inspections completed	(# or %)	TBD
Tickets/Stop work orders issued	(# or %)	0
Fines collected	(# and \$)	0
Complaints/concerns received from public	(#)	TBD

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	TBD
Site inspections completed	(# or %)	TBD
Estimated volume of stormwater recharged	(gpy)	TBD

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets)	(times/yr)	1
Average frequency of catch basin cleaning (commercial/arterial or other critical streets)	(times/yr)	1
Total number of structures cleaned	(#)	541
Storm drain cleaned	(LF or mi.)	5 Mi
Qty. of screenings/debris removed from storm sewer infrastructure	(lbs. or tons)	155.51 T
Disposal or use of sweepings (landfill, POTW, compost, <i>recycle for sand, beneficial use, etc.</i>)	Recycle, fill	Recycle
Cost of screenings disposal	(\$)	1154.98

Average frequency of street sweeping (non-commercial/non-arterial streets)	(times/yr)	1
Average frequency of street sweeping (commercial/arterial or other critical streets)	(times/yr)	1

Qty. of sand/debris collected by sweeping	(lbs. or tons)	30 T
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.)	(roadway fill)	
Cost of sweepings disposal	(\$)	5,518.00
Vacuum street sweepers purchased/leased	(#)	1
Vacuum street sweepers specified in contracts	(y/n)	Y

Reduction in application on public land of: (“N/A” = never used; “100%” = elimination)		
▪ Fertilizers	(lbs. or %)	TBD
▪ Herbicides	(lbs. or %)	TBD
▪ Pesticides	(lbs. or %)	TBD

Anti-/De-Icing products and ratios	% NaCl % CaCl ₂ % MgCl ₂ % CMA % Kac % KCl % Sand	175,000 gal 975 gal 105 Tons
Pre-wetting techniques utilized	(y/n)	N
Manual control spreaders used	(y/n)	N
Automatic or Zero-velocity spreaders used	(y/n)	Y
Estimated net reduction in typical year salt application	(lbs. or %)	60-75 (tons)
Salt pile(s) covered in storage shed(s) One shed used	(y/n)	Y
Storage shed(s) in design or under construction	(y/n)	N
